### Mounting Plate interface dimension:

Use with flat panel monitors with < 17" screen :

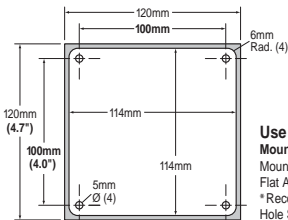

Mounting Hole Pattern 75mm (2.953" sq.)

Mounting Plate Size - 90mm (3.543" sq.)

Flat Area required on back of monitor - 96mm (3.780" sq.)

\* Recommended Mounting Screws - 4mm x 10mm

Hole Size in Arm Mounting Pad - 5mm

Use with flat panel monitors with ≥ 17" screen:

Mounting Hole Pattern 100mm (3.937" sq.)

Mounting Plate Size - 114mm (4.488" sq.)

Flat Area required on back of monitor - 120mm (4.724" sq.)

\* Recommended Mounting Screws - 4mm x 10mm

Hole Size in Arm Mounting Pad - 5mm

\* = Verify with monitor manufacturer on specific screw recommendations.

### Mounting Height for Ergonomic Workstation

**This mounting height is a recommendation for an ergonomic workstation that accommodates user heights of 5'1" - 5'11". If user heights are different than this, you should change mounting height to accommodate user heights. (Change mounting height one inch for every one inch difference in user heights).**

**Mounting height assumes there is a 6" (152 mm) distance between the center of your monitor mounting holes and the top of the screen. If your distance is smaller, you should increase mounting height accordingly, if your distance is larger, you should decrease your mounting height accordingly.**
